> **GDPR: The 1st IMT Webinar Scheduled for April 20th**

Next Friday, April 20th, IMT is organizing a free webinar on the GDPR and its impacts for entrepreneurs. This webinar will be the first in a series entitled IMTalk. The series will be presented by Patrick Duvaut, Director of Innovation at IMT and will host various experts including researchers from IMT schools.

Trust at the heart of new practices

In May 2018, the General Data Protection Regulation will be enforced within the EU to restrict the exploitation of Personal Data.

Trust is at the heart of the emerging new internet era, handing back to users the control of their Data. This webinar in English will explore this theme with help from several experts.

Speakers

- > Dr. Alexander Duisberg, Partner Bird & Bird LLP
- > Marc Peter FOSKETT, GDPR expert as DPO (Data Protection Officer)
- > Gouenou Coatrieux, Professor at IMT Atlantique
- > Javier Franco-Contreras, CEO and Co-founder of WaToo
- > Maryline Laurent, Professor at Télécom SudParis (IMT)
- > Fabrice Mattatia, Co-director of the Data Protection Management cursus of Télécom Ecole de Management (IMT)

IMTalk: a series of webinars devoted to key IMT topics

This first edition will launch a series of IMTalk webinars. The objective is to draw international attention to IMT's innovation activities in the areas of leadership and to develop new partnerships.

These 45-minute interactive webcasts in English will host at least one entrepreneur and IMT research professor as well as an outside guest.

About IMT www.imt.fr

IMT is a public institution dedicated to higher education and research for innovation in the fields of engineering and digital technology. Always tuned in to the economic world, it combines high academic and scientific legitimacy with close business relations and a unique positioning in 3 major transformations of the 21st century: Digital Affairs, Energy and Ecology, and Industry. Its training and research for innovation are conducted in the Mines and Télécom Graduate Schools under the supervision of the Minister for Industry and Electronic Communications, in one subsidiary and in institutions that are associate partners or under contract. IMT is a founding member of the Industry of the Future Alliance. It has two Carnot labels for the quality of its research partnerships. Every year, around one hundred startup companies leave its incubators.
