

Entrepreneurship / Innovation

## > IMT at VivaTech 2018

The VivaTechnology trade show offers three days to discover the most promising startups in the tech sector. For IMT, this is the perfect opportunity for highlighting its comprehensive support and entrepreneurship services and presenting 23 startups from its schools' incubators. These startups come from sectors including mobility, smart cities, AI, fashion, media and cybersecurity. Mark your calendars for May 24 and 26, 2018 and head to Porte de Versailles (Stand B38) to discover all these innovations and more.

**“For IMT, Vivatech is an exceptional sounding board for the successful DNA of its innovation startup-accelerator ecosystem,”** explains Patrick Duvaut, Director of Innovation at IMT.

With 11 incubation sites throughout France, representing all the major transformations of the 21<sup>st</sup> century, IMT has strengthened its position in 2018 as a national higher education champion in economic development through innovation, boasting over 70 companies created each year and a 3-year survival rate of 87%!

**"At Vivatech, the IMT will highlight its Innovation Boosters, from the idea stage through to the launch,"** says Patrick Duvaut.

IMT offers a wide range of solutions for assisting startups from all different markets, offering hosting services and advice, seed money for R&D, tests and prototyping, networking, and access to financing.

### The startups at our stand

23 promising startups, both B2B and B2C, in the areas of AI, mobility, luxury items, media, banking, health, etc. will be at the IMT stand to pitch their concepts to investors, major accounts, future customers and users:

## Did you know?

IMT has a national network of startups throughout the country.

### About IMT [www.imt.fr](http://www.imt.fr)

IMT is a public institution dedicated to higher education and research for innovation in the fields of engineering and digital technology. Always tuned in to the economic world, it combines high academic and scientific legitimacy with close business relations and a unique positioning in 3 major transformations of the 21st century: Digital Affairs, Energy and Ecology, and Industry. Its training and research for innovation are conducted in the Mines and Télécom Graduate Schools under the supervision of the Minister for Industry and Electronic Communications, in one subsidiary and in institutions that are associate partners or under contract. IMT is a founding member of the Industry of the Future Alliance. It has two Carnot labels for the quality of its research partnerships. Every year, around one hundred startup companies leave its incubators.
